

JOB ANNOUNCEMENT

Title: Deputy Chief Toxicologist

Agency: New Jersey State Toxicology Laboratory

Compensation: \$90,000 to \$100,000

Description: Deputy Chief Toxicologist needed to assist Chief Toxicologist in planning, organizing and administering the organizational unit to include evaluating employees' performance, training and teaching staff. Successful candidate will oversee law enforcement drug testing program and testify as expert witness in criminal and administrative cases. Candidate must be capable of using and evaluating varied types of instrumentation including HPLC, GC-MS and AXSYM for identifying substances including narcotics, barbiturates, amphetamines, tranquilizers, and hallucinogens.

Education: A doctorate degree from an accredited college or university in any of the biological, chemical or physical sciences including or supplemented by undergraduate or graduate courses in biochemistry, analytic chemistry, pharmacology or toxicology.

Experience: Six years of experience as a toxicologist in a laboratory (medical examiner's office and/or private laboratory) with responsibility for method development, instrument validation, QA programs, performing drug tests and implementing and supervising quality controls. Four years of this experience shall have been in a supervisory/management capacity. Working knowledge of ABFT/CAP Standards.
